

Suicide and Suffering in the Civil War Era South: A Haunting History

The Civil War was a time of immense human suffering. The conflict tore families apart, destroyed communities, and left an unfathomable number of people dead or injured. It is no wonder that the war also took a heavy toll on the mental health of Southerners.

Suicide rates in the South soared during the Civil War. In some areas, the suicide rate was more than twice as high as it had been before the war. This increase in suicides was not limited to men. Women and children also took their own lives in alarming numbers.
