This book, "What Animals Can Teach Us About Health and the Science of Healing", explores the fascinating world of animal healing. It reveals the scientific evidence behind animal intuition and the ways that we can apply their wisdom to our own lives.

Author Dr. Jane Goodall, a world-renowned primatologist, shares her insights into the healing practices of animals. She has spent decades studying chimpanzees and other primates, and she has observed firsthand how they use plants, touch, and other natural therapies to heal themselves.

In this book, Dr. Goodall shares her knowledge of animal healing and shows us how we can apply it to our own lives. She explores the following topics:

* The science of animal intuition * The power of touch and massage * The healing properties of plants * The importance of a healthy diet * The role of stress in disease * The power of positive thinking

This book is a must-read for anyone who is interested in natural health and healing. It is filled with fascinating stories, scientific research, and practical advice that can help you to live a healthier and more fulfilling life.

What You Will Learn From This Book:

- How animals use instinct to identify and treat illnesses
- The scientific evidence behind animal healing
- How to apply animal healing wisdom to your own life
- The healing power of touch, massage, and plants
- The importance of a healthy diet and positive thinking

Reviews

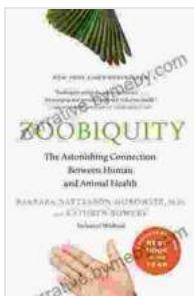

"This book is a fascinating exploration of the healing practices of animals. Dr. Goodall shares her insights into the science behind animal intuition and shows us how we can apply it to our own lives. This book is a must-read for anyone who is interested in natural health and healing." - Dr. Andrew Weil, author of "Spontaneous Healing"

"Dr. Goodall's book is a beautiful and inspiring account of the healing power of animals. She shows us how we can learn from animals and apply their wisdom to our own lives. This book is a valuable resource for anyone who is looking for a more natural and holistic approach to health." - Dr. Christiane Northrup, author of "Women's Bodies, Women's Wisdom"
